WEBLON PLUS

Article Description	cut-away backing	
Composition	100% polyamid	
Color	white & black	
Make Up Available & Strength	Pre-cuts ca. 20 x 20cm* x 250 pieces * Slight variations due to production processes are possible	Every Weblon Plus Product has a weight of 55g/m ²
	Pre-cuts ca. 38 x 38cm* x 250 pieces * Slight variations due to production processes are possible	
	Roll ca. 100m x 90cm	

Features

- WEBLON PLUS is an extremely stable cut-away backing material with higher than normal temperature and chemical resistance, suitable for use on all types of materials.
- The woven structure of WEBLON PLUS prevents the backing from sliding on the fabric.
- WEBLON PLUS is extremely soft, light-weight and cut-away and thus cannot be seen through fine fabric.
- The high tensile strength of WEBLON PLUS provides extra stability for fabrics during and after embroidery, even after multiple normal and industrial washes.
- WEBLON PLUS is also suited to stabilize light-weight to middle-weight fabrics as well as knit or stretch fabrics. It makes embroidery designs cleaner and is excellent for Jersey and Polo-Piqué.
